

NOTICE: This application form is authorized by Section 283.37, Wis. Stats., and Chapters NR 151 and 216, Wis. Adm. Code. Personally identifiable information on this form may be used for other program purposes and may be made available to requestors under Wisconsin's Public Records laws and be posted on the Department's internet site.

Instructions: Complete the following for all permit applications. If additional space is needed to respond to a question, attach additional pages. Provide descriptions below that explain the program activities that you expect to develop and implement to comply with the Municipal Separate Storm Sewer System (MS4) general permit (<http://dnr.wi.gov/org/water/wm/nps/stormwater/muni.htm>). Section 3 of the MS4 general permit contains the compliance schedules that direct when the individual program activities need to be developed and submitted to the Department for review. The detailed programs that are developed and submitted to the Department for review may deviate from the program activities described below if necessary. The descriptions provided below are necessary for the Department to verify that the municipality's program activities comply with the permit.

Section I: Applicant Information

Name of Municipality

Village of Silver Lake

Mailing Address

123 E. North Water Street

City

Silver Lake

State

WI

Postal Code

53170

County(s) in which Applicant is located

Kenosha

Type of Municipality: (check one)

☐ County

☐ City

☒ Village

☐ Town

☐ Other (specify)

Section II: Local Contact Information (check one):

Name of Municipal Contact Person

Mr. Bob Williams

Title

Director of Public Works

Mailing Address

123 E. North Water Street

City

Silver Lake

State

WI

Postal Code

53170

E-mail address

slm@bizwi.rr.com

Telephone Number (include area code)

(262) 889-4448

Fax Number (include area code)

(262) 889-8999

Section III: Water Quality Concerns

Yes

No

☐

☒

Does any part of the MS4 discharge to an outstanding resource water (ORW) or exceptional resource water (ERW) listed under s. NR 102.10 or 102.11, Wis. Adm. Code? (An unofficial list of ORWs and ERWs may be found on the Department's Internet site at: <http://dnr.wi.gov/org/water/wm/wqs/>)

☒

☐

Does any part of the MS4 discharge to an impaired waterbody listed in accordance with section 303(d)(1) of the federal Clean Water Act, 33 USC § 1313(d)(1)(C)? (A list of Wisconsin impaired waterbodies may be found on the Department's Internet site at: <http://dnr.wi.gov/org/water/wm/wqs/303d/303d.html>)

Section IV: Area and Population Within the MS4

Yes

No

☒

☐

Is the MS4 within an "Urbanized Area" as defined by U.S. EPA? (See <http://www.epa.gov/npdes/pubs/fact2-2.pdf>)

If no, skip the rest of this section and continue to Section V. If yes, estimate the area served by and the population within the MS4 in an Urbanized Area (UA).

(Urbanized Area maps are available on the EPA web site at: <http://cfpub1.epa.gov/npdes/stormwater/urbanmaps.cfm>)

Total municipal area (in square miles):

1.36

Total municipal population (in year 2000):

2,341

MS4 service area within Urbanized Area (in square miles):

1.02

Municipal population within Urbanized Area (in year 2000):

1,755 (Approximately 75% of total population)

Section V: Potential Permit Exemption

Yes

No

☐

☒

Section NR 216.023, Wis. Adm. Code, allows certain MS4s that have less than 1000 people residing in an urbanized area to be waived from having to obtain municipal storm water permit coverage.

Do you believe that the MS4 may be eligible for this potential exemption?

Section VI: Summary of Municipal Storm Water Program Activities

Describe the programs or activities the municipality is doing or will do to comply with the requirements of the MS4 general permit. Attach additional pages if necessary.

A. Public Education and Outreach

Describe the public education and outreach program activities that the municipality will implement to comply with section 2.1 of the MS4 general permit.

The Village of Silver Lake will develop and implement a Public Education and Outreach Program to increase the awareness of stormwater pollution impacts on waters of the state and encourage changes in public behavior to reduce such impacts. Activities may include open houses as described in Section B, and/or educational newsletters.

Measurable goals will include:

- a) Frequency and documentation of Open Houses.
- b) Public feedback and input via, comment forms, meeting minutes, or public actions/implementation of BMPs.
- c) Frequency of educational articles in newsletters.

B. Public Involvement and Participation

Describe the public involvement and participation program activities that the municipality will promote to comply with section 2.2 of the MS4 general permit.

The Village of Silver Lake will develop a Public Involvement and Participation Program. The program will notify the public of activities required by the municipal storm water discharge permit and provide opportunities for public input and participation. The program may include a duly noticed annual open house that will feature information in regards to what activities the Village is doing to comply with the permit. The open house would also feature a presentation and displays on such topics of general interest like rain gardens, composting, natural landscaping, preventing shoreline erosion, proper management of materials which may cause stormwater pollution, and illicit discharges. Measurable goals will include:

- a) Frequency and documentation of Open Houses.
- b) Public feedback and input via, comment forms or meeting minutes.

C. Illicit Discharge Detection & Elimination

Describe the illicit discharge detection and elimination program authority and activities that the municipality will develop and implement to comply with section 2.3 of the MS4 general permit.

The Village of Silver Lake will develop an Illicit Discharge Ordinance and Response Procedure Protocols. Activities and measurable goals will include:

- a) Conduct an initial dry weather field screening of MS4 outfalls and develop an Ongoing Monitoring Program.
- b) Document field screening findings, including a narrative of the visual observations and field analysis results.
- c) Document response and actions to identified illicit discharges.

D. Construction Site Pollution Control

Describe the construction site pollutant control program authority and activities that the municipality will develop and implement to comply with section 2.4 of the MS4 general permit.

The Village of Silver Lake will develop and implement a Construction Site Pollutant Control Ordinance in addition to inspection and enforcement procedures. Activities and measurable goals will include:

- a) Issue permits upon review and approval of permit applications and erosion / sediment control plans.
- b) Inspections of construction sites after receiving a complaint or other information indicating that land disturbing construction activities are being undertaken without a permit, erosion and sediment control plans are not being implemented, or conditions of the permit are not being met.
- c) Document construction site inspections and enforcement actions taken.

E. Post-Construction Site Storm Water Management

Describe the post-construction storm water management program authority and activities that the municipality will develop and implement to comply with section 2.5 of the MS4 general permit.

The Village of Silver Lake will develop and implement a Post Construction Storm Water Management Ordinance to regulate post-construction storm water discharges from new development in addition to re-development. The measurable goal will be issued permits upon review and approval of permit applications, storm water management plans and maintenance agreements.

F. Pollution Prevention

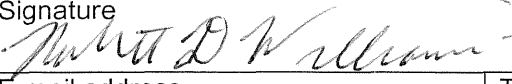

Describe the pollution prevention program activities that the municipality will implement to comply with section 2.6 of the MS4 general permit.

The Village of Silver Lake will develop and implement a Pollution Prevention Program for municipal owned facilities and maintenance practices. The program will include procedures and routines for maintenance and inspections of municipally owned or operated storm water facilities, street sweeping, catch basin cleaning, winter road salting practices, leaf and grass clipping management, fertilizer applications, and educate municipal employees of storm water pollution prevention techniques and program requirements. Measurable goals will include:

- 1) Documentation of inspection and maintenance activities.
- 2) Documentation of program practice implementation (i.e. frequency of street sweeping, catch basin cleaning, etc.)

Section VII: Certification

Certification: I hereby certify that I am an authorized representative of the municipality that is the subject of this application for general permit coverage, and that the information provided is true and complete, to the best of my knowledge. I understand that Wisconsin law provides severe penalties for submitting false information.
